

CREDEX

C O R P O R A T I O N

August 12, 2024

CREDEX is in the final stages of launching a fantasy sports platform in conjunction with Joe Namath's company Namanco. A link to the new marketing video is below. I feel you will agree after reviewing the video that Broadway Joe's Fantasy Sports should add value to CREDEX's portfolio.

Two of the new locations, Cannabis Depot 155 Federal and Wildflowers Pueblo West are now open and operating. We now have 5 locations in operation with two additional locations soon to be opening, Cannabis Depot Los Animas and Wildflowers Colorado Springs. We plan to have these two locations up and running by the holidays.

Cannabis Depot Los Animas will be our closest dispensary to the Kansas border and will be a dominant anchor for Cannabis Depot in Southeast Colorado.

Embark is in the final stages of completing accounting functions and completing the audit with an SEC approved auditor. We plan to wrap up these issues by the holidays and begin 2025 prepared to continue the growth of the company.

Stay tuned for September 12 update, when the opening of additional locations are announced.

I am heavily involved in all stages of these processes and continue to enjoy working hard with our amazing team. Even though we have faced many challenges, our progress proves our commitment to our Company.

Stay Tuned to CREDEX Website for Continued Developments,

Joseph D. Cleghorn

Chairman
