Subject: MED Approval, KTEC Stock Transfer & Upcoming AMMJ Share Distribution

Dear Shareholders

We are still waiting on the Colorado Marijuana Enforcement Division (MED) which is currently in the process of approving the KTEC stock transfer. Once approval is granted, Investor Relations will be contacting all shareholders directly to facilitate the transfer of AMMJ stock from KTEC to each individual shareholder of CRDX. Please note, all shares will be treated equally to ensure no dilution occurs for any shareholder of CRDX.

We appreciate your continued support and understanding. We'll keep you updated as progress continues. Thank you for your continued support, we look forward to updating you as progress continues.
